

Plus und Minus bis 5

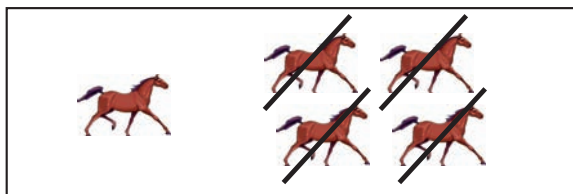

Rechne immer mit deinem letzten Ergebnis weiter.
Die Zahl am Schluss zeigt dir, ob du richtig gerechnet hast.

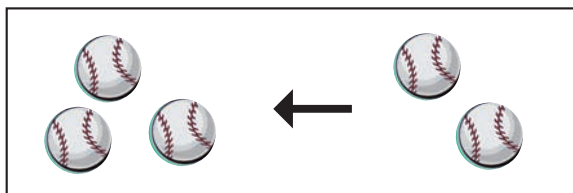

Dazu oder weg?
Schreibe die Rechnungen an und löse sie.

$$3 + 1 = 4$$

$$5 - 4 = 1$$

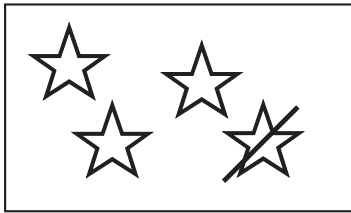

$$3 + 2 = 5$$

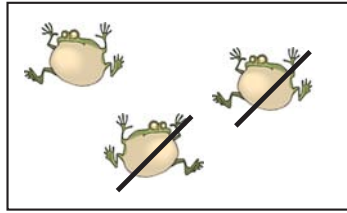

Abziehen!

Ziehe die durchgestrichenen Dinge ab und schreibe die Rechnung auf.

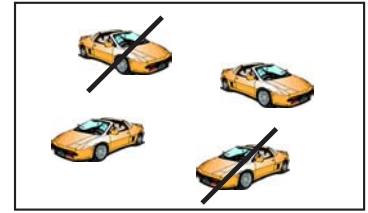

z.B.:

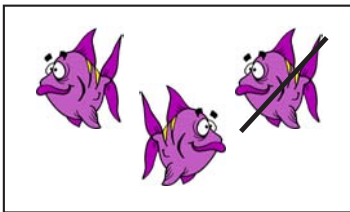

$$4 - 1 = 3$$

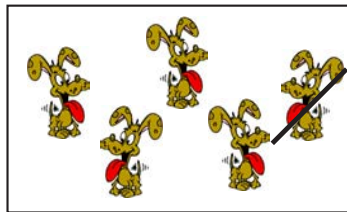

$$3 - 2 = 1$$

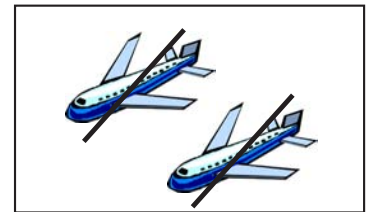

$$4 - 2 = 2$$

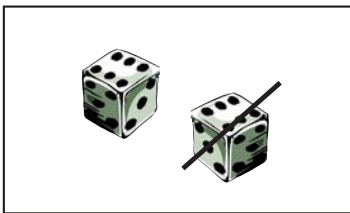

$$3 - 1 = 2$$

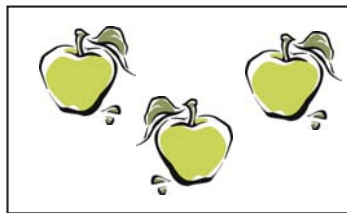

$$5 - 1 = 4$$

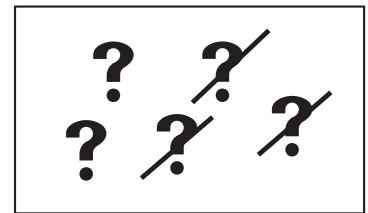

$$2 - 2 = 0$$

$$2 - 1 = 1$$

$$3 - 0 = 3$$

$$5 - 3 = 2$$

Rechne und schreibe das Ergebnis in das Kästchen!

$$2 + 1 = \boxed{3}$$

$$3 + \boxed{2} = 5$$

$$4 = 3 + \boxed{1}$$

$$5 - 1 = \boxed{4}$$

$$3 - 1 = \boxed{2}$$

$$2 = 4 - \boxed{2}$$

$$1 - \boxed{1} = 0$$

$$2 - 1 = \boxed{1}$$

$$1 = 0 + \boxed{1}$$

$$3 + 1 = \boxed{4}$$

$$1 + 3 = \boxed{4}$$

$$5 = 4 + \boxed{1}$$

$$5 - 2 = \boxed{3}$$

$$5 - \boxed{4} = 1$$

$$0 = 5 - \boxed{5}$$

$$1 + \boxed{1} = 2$$

$$3 - 3 = \boxed{0}$$

$$2 = 5 - \boxed{3}$$
