

## Ergänzen und vermindern auf ganze Zehner

### 1. Ergänze auf den nächsten ganzen Zehner:

$$16 \text{ €} + \boxed{\phantom{00}} \text{ €} = 20 \text{ €}$$

$$26 \text{ €} + \boxed{\phantom{00}} \text{ €} = 30 \text{ €}$$

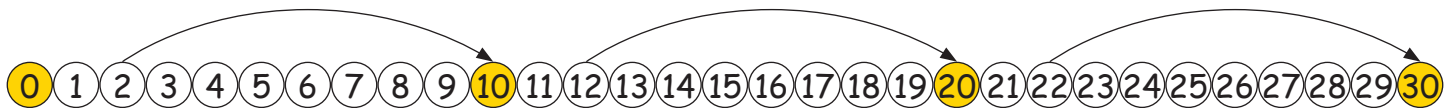

$$11 \text{ €} + \boxed{\phantom{00}} \text{ €} = 20 \text{ €}$$

$$21 \text{ €} + \boxed{\phantom{00}} \text{ €} = 30 \text{ €}$$

### 2. Ergänzen:

Wenn du dir noch unsicher bist, kannst du den Zahlenstrahl zur Hilfe nehmen.

$$\textcircled{2} + \textcircled{\phantom{00}} = \textcircled{10} \quad \textcircled{12} + \textcircled{\phantom{00}} = \textcircled{20} \quad \textcircled{22} + \textcircled{\phantom{00}} = \textcircled{30}$$

$$5 + \boxed{\phantom{00}} = 10 \quad 15 + \boxed{\phantom{00}} = 20 \quad 25 + \boxed{\phantom{00}} = 30$$

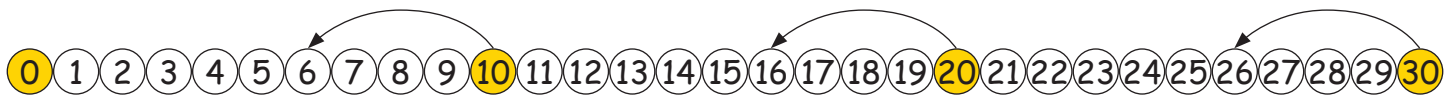

$$7 + \boxed{\phantom{00}} = 10 \quad 17 + \boxed{\phantom{00}} = 20 \quad 27 + \boxed{\phantom{00}} = 30$$

$$1 + \boxed{\phantom{00}} = 10 \quad 11 + \boxed{\phantom{00}} = 20 \quad 21 + \boxed{\phantom{00}} = 30$$

$$6 + \boxed{\phantom{00}} = 10 \quad 16 + \boxed{\phantom{00}} = 20 \quad 26 + \boxed{\phantom{00}} = 30$$

$$0 + \boxed{\phantom{00}} = 10 \quad 10 + \boxed{\phantom{00}} = 20 \quad 20 + \boxed{\phantom{00}} = 30$$

### 3. Vermindern von ganzen Zehner:

$$10 - 4 = \boxed{\phantom{00}} \quad 20 - 4 = \boxed{\phantom{00}} \quad 30 - 4 = \boxed{\phantom{00}}$$

$$10 - 2 = \boxed{\phantom{00}} \quad 20 - 2 = \boxed{\phantom{00}} \quad 30 - 2 = \boxed{\phantom{00}}$$

$$10 - 7 = \boxed{\phantom{00}} \quad 20 - 7 = \boxed{\phantom{00}} \quad 30 - 7 = \boxed{\phantom{00}}$$

$$10 - 5 = \boxed{\phantom{00}} \quad 20 - 5 = \boxed{\phantom{00}} \quad 30 - 5 = \boxed{\phantom{00}}$$

$$10 - 9 = \boxed{\phantom{00}} \quad 20 - 9 = \boxed{\phantom{00}} \quad 30 - 9 = \boxed{\phantom{00}}$$
